**NO OTHER WORK-AT-HOME BUSINESS
IS MORE FUN OR REWARDING**

**Starting your own adult web site is the most profitable
home based business you're going to find anywhere.**

Yourpaysite is an excellent way to cash in on the adult industry. As I mentioned, I spent a lot of time and money building a XXX empire, however I earned it all back, many times over. But it wasn't until I offered others the chance to profit from my resources and experience that I saw the amazing potential.

I'll tell you straight, you don't need YourPaysite.com to do this yourself...

...but the money, time and pitfalls that it will cost you to learn what we teach inside is enormous. YourPaysite.com is designed to be the most comprehensive fast-track to success in the adult industry, with all the trimmings. I've heavily documented all my successful insight into this mysterious industry, AND I'm supplying you with all the tools you need to start making money today!

**So why are adult websites more profitable than
other online business opportunities?**

Simply put, adult paysites keep your customers paying for months. People just watch their adult movies each night, and keep paying the monthly bill.

So if you can get **three people** to signup to your paysite each day, this is the kind of money you can earn:

Month One

- 3 Members a day @ \$28.00/each = \$84.00*
- 3 Members a day x 30 Days a month = 90 Members
- 90 Members x \$28.00 = \$2,520*

\$2,520* a month!

Now if just half your first months memberships renew into Month Two,
that's an automatic 45 memberships @ \$28.00 = \$1,260*
So let's start all over again with this new information...

Month Two

- 3 Members a day @ \$28.00/each = \$84.00*
- 3 Members a day x 30 Days a month = 90 Members
- 90 Members + 45 Previous x \$28.00 = \$3,780*

\$3,780* a month!

And again,
if just half of last months memberships renew into Month Three,
that's an automatic 67 memberships @ \$28.00 = \$1,876*

Month Three

- 3 Members a day @ \$28.00/each = \$84.00*
- 3 Members a day x 30 Days a month = 90 Members
- 90 Members + 67 Previous x \$28.00 = \$4,396*

\$4,396* a month!

* The numbers you see above are **AFTER** the revenue split!
The illustration above is what a Platinum Member can
take-home by generating only 3 signups a day!

Your average signup will remain a member for approximately 4 months, so
this trend I've illustrated above will continue to grow.

Now pull out your calculator and do the math on 5 or 10 signups a day!

And none of this math is even counting the \$3.95 trial signups, which you
will be paid the same percentage for!

You can see plainly...

That's it.

SEX SELLS! MAKING MONEY FROM PORN MAKES SENSE!

Adult paysites can make you massive amounts of money that will keep you generating income for years to come! Unlike real estate or retail, which only nets you the immediate sale, a paysite retains your customers due to the demand and the longevity of the product your selling... people stay members for months, sometimes years! Just looking at their porn each night.

NOT CONVINCED YET?

You should be, the main reason this business is so mysterious is answered in one sentence:

Only 2% of the online working population make up the adult internet industry.

That's the secret: There's a lot of cash split between very few people!

And as you can guess, they would rather try and keep it that way!

I built YourPaysite.com on the simple premise that I can share this knowledge with you and make even more money by doing so...the more people I help make money, the more money I end up making!

So that's it in a nutshell...No gimmicks, tricks or catches!

I simply rent my companies resources and expertise, and in turn make more money by having more people work with me. It's a different way of doing business but it works, I've been at it for over 6 years now! Perfectly safe, perfectly legal, perfectly honest business.

That's the value of YourPaysite.com!

YOU HAVE FULL CONTROL! DO WHAT YOU LIKE, EARN WHAT YOU WANT!

If you want to know before you make your decision, see what a day is like as an Adult Webmaster!

1. SETUP YOUR PAYSITE

The first thing you'll do upon entering the YPS Parters Administration Area is setup your paysite on our servers.

The focus of the YPS program is on making money, not websites... so we've built it to be quick and simple:

- 1) Choose from our pre-built paysite design archive**
- 2) Choose your domain name**
- 3) Your done...time to start making money!**

There are of course many more features available for the advanced web designers that would like to upload their own designs to our servers.*

2. MANAGE YOUR PAYSITE

After you've setup a paysite or two, you can keep track of what you have built in the Site Manager.

The MANAGE section allows you to see each of your live paysites details, giving you the power to change the amount you would like to charge your customers, as well as add new sites and thumb galleries.

3. MARKET YOUR PAYSITE

Now that your setup and ready to start promoting your new paysite, you'll need some information on how to begin.

The MARKET section area is filled with insight regarding internet marketing, offering multiple advertising techniques for any budget.

This area alone is worth it's weight in GOLD...

4. PROMOTE YOUR PAYSITE

If your going to be marketing on the internet, you'll need promotional materials beyond your paysite.

The PROMOTE section has banners for each paysite, plus extra XXX content that you can use to tease your customers into clicking to your site.

There is also all the proper codes for more advanced users to create their own designs and link them properly.

5. TRACK YOUR SALES

If you expend the effort to advertise your new paysite, you need to be able to track your sales!

The STATS section is a full featured bank account that tracks all the hits to your paysites and thumb galleries.

The stats also show you the sales you have received and what that equals in cash, where they came from and the conversion ratio for each paysite. (how many hits vs sales)

This section also includes your payment history so you can see your previous earnings over the years for balancing purposes.

6. EDUCATE YOURSELF

The EDUCATE section is an important part of the program for those that wish to take things to the next level.

This library of information will help you further yourself in the adult industry and become more knowledgeable about the details behind the scenes.

The more you know, the faster you can earn more money!

7. ENJOY YOURSELF

The pre-built XXX MEMBERS AREA is the main commodity that YourPaysite.com is supplying to you...it's the focal point, the "product".

We have built a huge database driven website that's populated with over \$250,000 worth of adult content that will keep your customers happy for months to come!

We maintain the content and it is updated bi-daily, if not daily.

You also receive FULL ACCESS to this area, so you can view the content anytime you like to insure it's quality.

8. AND MORE...

Last but not least there are 3 more sections to the program that offer multiple features and tools that will help you along while building your empire.

Some of these features include account upgrades, extra domains, marketing books & tools, email accounts and FTP access. And of course, full customer service support!

YPS is dedicated to introducing our partners into the lucrative world of adult entertainment, as you can see we've put a lot of effort into developing a program that does this properly by supplying everything it takes to get started as an adult entrepreneur!

With massive features, no long-term contracts, and a low-risk monthly fee... what are you waiting for?
